Governor Gray Davis
State Capitol
Sacramento, CA 95814

Dear Governor Davis,

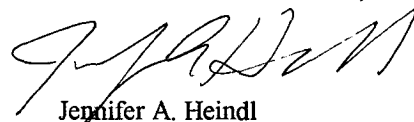

As a Californian concerned about the continuing degradation of California's rivers, bays and drinking water, I urge you to support the CALFED Bay/Delta program to protect and wisely use California's water resources for the next 50 years.

Please ensure that the CALFED program:

- Invests in water efficiency for at least seven years before even considering new dams or reservoirs.
- Restores our rivers, bays, and fisheries by providing adequate fresh water and caring for the land around our rivers.
- Improves water quality for people and wildlife by enforcing pollution limits.
- Stops making taxpayers pay for studies of new dams and reservoirs that flood valuable habitat and remove needed water from our rivers.

Thank you for your time and your attention to this serious matter.

Sincerely,

Jennifer A. Heindl
